

Technical support

- ★ By mid 2017 we will have 30 coaches (15% of our membership)
- ★ External Sports Psychologist.
- ★ External Fitness & Conditioning Coach.
- ★ In-house/external equipment specialists.
- ★ Drills & Skills workshops.
- ★ Bow type specialists to all levels.
- ★ Good knowledge/experience to support a range of physical/special educational needs requirements.
- ★ Superb Improvers Courses
- ★ Top class indoor and outdoor facilities.

Lots of 'In-Kind' Income.

We continually benefit from arrangements where in return for running, for example, satellite and after-school clubs, we get significant reductions on our hall hire rates. These arrangements have literally saved us £1,000's. Likewise with Recreation Centres where running 'have-a-go' sessions which they charge for but we provide the equipment & coaching. In return we get 'free' use of the hall and storage space for our equipment without charge!

Encouraging Competition

Everyone that enters will be a winner!

Let us be clear, we are not forcing anyone to compete, we are simply doing our best to change attitudes and best support those that decide to give it a go. Across our sport the reality is that the majority of Archery GB members do not enter tournaments and there are many reasons for that, we have developed a structure which will hopefully encourage more archers to take that first step!

Competition is encouraged from the first session of a beginners course, in the School Games Programme, at open community sessions and in corporate events. Competition is celebrated at every opportunity including at our Annual Awards Evening. We always provide one of the biggest club entries at the British Junior Championships and are incredibly successful!

However in medal terms most of us cannot be winners and in the final analysis, if that is what motivates you then you are likely to be more stressed and ultimately disappointed!

Our Club Competition & Records Officer

Advertisers tournaments, maintains individual scores, promotes postal competitions, submits classification paperwork etc.

Practice Makes Perfect

We are fortunate to enough to have our own outdoor ground, with a covered shooting area to ensure bad weather does not stop us. However it is the range of superb indoor venues and the duration of their availability that provide so much opportunity to shoot, coach, run workshops, improvers programmes and team development activities.

We actively promote opportunities.

We actively encourage members to participate in the Archery GB organised postal shoots such as the January Challenge, summer metrics, handicap improvement, classification & Progress Awards. The club funds the badges & formally presents them.

We organises numerous Club Target Competitions, Head to Head practice sessions, Club leagues. Many of these are run as mock formal tournaments. The results are published together with headlines highlighting not just good scores but handicap improvements.

Deer Park Archers Limited (By Guarantee)
23 Jenner Close, Hucclecote, Gloucester,

We organise numerous World & British Record Status tournaments!

★ Each year Indoors we will organise three British Record Status events & a World Record Status WA18 which will be our Annual Inclusion shoot..

Outdoors we are planning at least 4 World & British Record status events each year. We also currently host the County Junior & Senior Record Status Championships.

Mock Head2Head Competitions mixing our international archers with those that aspire to be.

Archers of all levels work together to provide invaluable tournament experience especially with providing H2H round robins and elimination events.

The only real competition is yourself!

Once archers recognise and believe this, that are well on the way to gaining access to a world of challenge, progress, enjoyment and of course frustration!
